

# HELP US CREATE THE FIRST SCC PRESIDENT'S PRIVATE RESERVE GIN

As part of the Singapore Cricket Club's celebration of the *Singapore Bicentennial*, the Club will be distilling its own bespoke gin – the *SCC President's Private Reserve Gin*.

This will be a limited edition of only six bottles specially for this occasion.

Created by the prestigious brand Liverpool Gin in the United Kingdom, this special SCC Gin will be made using three core pure certified organic botanicals - Juniper, Coriander Seed, and Angelica Root – and five other botanicals.

We need SCC Members to help us choose the five other botanicals, one each from the following categories:

## Earthy Flavours

- Licorice Root Powder: Woody, smooth and a bit of sweetness. No aniseed flavour.
- Orris Root: Earthy with subtle note

## Warming Spices

- Nutmeg: Gentle warming spice.
- Cinnamon: Dry, woody and aromatic.
- Cassia: Similar to cinnamon, but sweeter and more flavourful.

## Pungent Spice

- Grains of Paradise: Spicy but with little flavour.
- Ginger: Warm spice at the back of the throat.
- Cubeb: Cracked pepper with subtle lavender and menthol.
- Star Anise: A strong flavour of aniseed.

## Floral/Herbal

- Elderflower: Light with a soft freshness.
- Thyme: Smooth, savoury and herbal.
- Rose Petals: Flavours of dried flowers and potpourri.

## Citrus/Tangy Fruits

- Orange Peel: Marmalade citrus with a mild bitterness.
- Lemon Peel: Similar to orange but a crisper citrus note.
- Grapefruit Peel: Juicy and bright.
- Rowan Berries: Fruity, tangy and bitter

**Vote for your choice of five gin botanicals and stand to win\*  
one bottle of the SCC President's Private Reserve Gin!**
