Dear Fellow Members,

It is with a great sense of duty and passion that I write to you today to signal my desire to stand for the role of Club President.

The Club has been a cornerstone of my life, and my family's, since I first joined as a sports member in the football section back in 2001. Over the years, my love for our community has only deepened. My journey has seen me become active member for tennis and golf, and I thoroughly enjoy participating in the many other sports our Club offers, from squash and netball to lawn bowls and a friendly game of billiards, darts, or balut. For nearly a decade, I have had the privilege of serving on the General Committee, contributing to the governance and strengthening of our Club.

This is not just a personal journey; it is a family affair. The Club is a second home to us. My three children proudly represent the Club in tennis, and my son also competes in football and golf. I have cherished the opportunity to actively participate in Club tours, both as a player and as a tour manager, experiencing firsthand the unique camaraderie that makes our community so special.

Building on the progress we have made together, I want to lead our Club into a future where it continues to flourish. If elected as your President, I will focus on several key areas:

- **Ensuring Financial Health and Stability:** In the face of rising costs, my foremost priority is to shield our members from significant impact. I will champion the continuation of the strong financial discipline that has kept our Club financially healthy, ensuring we can invest wisely in our future.
- **Fostering a More Inclusive Community:** I am committed to increasing the participation of women in both our sports programs and in our club membership overall. A diverse and inclusive membership is vital for a vibrant and dynamic future.
- **Upholding Our Premier Status:** I will work tirelessly to ensure we remain the premier sports and social club that we are all proud of. This means preserving our cherished traditions and heritage while embracing the needs of our current and future members.

My commitment is to you, the members. I bring the experience of my past service, a deep passion for our sporting and social life, and a clear vision for our shared future. I am dedicated to ensuring the Club not only thrives but remains a place where every member feels a sense of belonging and pride.

I look forward to building on our great advances and leading our Club to even greater success.

Yours in sport,

**Dear Members,**

I am writing to seek your support for my nomination for a second term as Chairman of the Games Control Board of the Singapore Cricket Club.

Serving in this role over the past term has been a privilege. Sport at SCC thrives not only because of results, but because of the standards, traditions, and member commitment behind it. My role as Chairman has been to support our sections, enable fair and well-run competition, and ensure GCB decisions remain balanced, consistent, and aligned with the long-term interests of the Club.

Over the past year, what has mattered most to me is not just performance, but how sport at SCC continues to feel. Competitive, inclusive, and rooted in the traditions that make this Club different. Across sections, members have stepped up as demands have grown, and that collective effort sustains the quality and character of SCC sport.

A key focus during my term has been ensuring that support for sport remains sustainable. I have worked closely with convenors, section committees, and Management to manage costs carefully, improve how resources are used, and strengthen revenue where possible. We have also begun exploring new revenue streams to support sport without compromising standards or placing unnecessary strain on sections. Much of this work happens quietly, but it is essential if SCC sport is to remain strong in the years ahead.

Governance has been another priority. As expectations and complexity increase, differences of view are inevitable. My approach has been to listen carefully, engage openly, and guide discussions toward fair and practical outcomes, always with the wider interests of the Club in mind.

Looking ahead, the return of the Padang and the opening of the Dempsey Clubhouse mark an important phase for SCC sport. These facilities bring opportunity, but also responsibility. Sections will need steady support as usage increases, and members taking on leadership roles will need clarity and consistency. Continuity will matter as we embed these changes properly.

I have been a member of SCC for over fourteen years and remain actively involved across several sections. The Club is also an important part of my family's life, which gives me a strong personal stake in its future. Alongside this, my professional experience and involvement in sport administration bring perspective and calm decision-making to the role.

I am standing for a second term because I believe there is more to do, and because I value the trust placed in me by sections and members. If re-elected, I will continue to focus on supporting sport across the Club, strengthening governance, and ensuring SCC sport remains sustainable, competitive, and true to its values.

I would be grateful for your support.

**Yours sincerely,**

## **Introduction**

I joined the Singapore Cricket Club at the start of 2019 as a Sports Member, after relocating to Singapore with my family. I had been told SCC was the only club to join if I wanted to continue playing at a high level of sport — and it has more than lived up to that reputation. From day one, I found not just a club, but a community.

Sport has always been a central part of my life. I've played tennis since the age of six and currently represent SCC at Women's A level across STA, LTS and WITS competitions, as well as on club tours. I've also had the privilege of representing SCC in POT Games for tennis, darts and pickleball. More broadly, I actively participate in section events including bowls, darts, cricket, tennis and netball—something I believe reflects the true spirit of SCC.

My connection to the Club is deeply personal. My two children, Molly and Hugo, are both involved in SCC's sports academies, and my husband Andy contributes as a rugby academy coach and serves on the Finance Subcommittee. SCC has become a central part of our family life—where friendships are built, values are shared, and memories are made.

Over the past few years, I've sought to contribute meaningfully to the Club beyond participation. I currently serve on the Marcomms, F&B and Rugby 7s Committees, and have been a member of the Tennis Section Committee since 2022, where I am currently serving as Secretary. This has given me a broader perspective on Club operations.

I enjoy getting things done and bringing people together. I've organised events such as the Tennis Section's annual *Racket Rumble*, all major grand slam viewing events, the Kids' Christmas Event, all focused on building community and inclusivity. I've also supported multiple sections with branding and design work to amplify their own events using my professional background as a Creative Director and Brand Consultant to help elevate how we communicate as a Club.

Being awarded an SCC Spirit of Sports Award in 2025 was a great honour, and a reflection of how much this Club means to me.

As SCC approaches its 175th anniversary, I believe we have a unique opportunity to celebrate our incredible heritage while continuing to evolve. My focus would be on strengthening awareness of what makes SCC truly special—our history, our diversity of sport, our inclusive community, and our reputation for excellence—while ensuring we continue to engage both existing and new members in meaningful ways.

If elected to the General Committee, I will bring energy, creativity, and a collaborative approach. I care deeply about this Club and would be proud to contribute at the next level—helping ensure SCC continues to thrive for generations to come.

## RODD GORDON HARRISON

I have been a member of Singapore Cricket Club since 1990.

Active in the Football Section throughout 36 years at the club, I remain a member of the Golf Section, although I have little opportunity to play, and frequent the Club regularly as my primary social networking and F&B location.

Over the years I have had the privilege of serving on several committees including Rules and Membership, Human Resources and RECO (Revenue Enhancement & Cost Optimisation), various committee positions in the Football Section and captained football teams, from time to time.

On a professional note, I have extensive business experience over the last 38 years in Asia and the previous 11 years in Australia, with both multinational corporations and privately-owned businesses.

Originally trained as a professional photographer, throughout my professional career I have primarily been involved in the technology of digital print, but also had a stint of 6 years in three mobile technology startups. I currently work for a Japanese global digital print company, Mimaki Engineering, managing the European region as General Manager of Sustainable Textiles, and also as General Manager, Global Brand Engagement; (dual role).

Previously, I had roles with several companies including EFI (Electronics for Imaging), Vice President of Sales, Asia Pacific Region; KODAK (Singapore) Pte Ltd, Sales & Marketing Director, Enterprise Inkjet Division; RIVERVIEW MOBILITY SOLUTIONS Director, Business Development; EASTMAN KODAK COMPANY, World Wide Market Development Manager, Consumer Imaging Group; Business Development Manager, INSEAN Region, Graphic Communications Group; Regional General Manager, Wide Format Inkjet Business, and Country Manager, Indonesia.

Throughout my 36 years at SCC, I have learned to value the Cricket Club as the premier sports and social club in Asia.

The network of friendships and connections that I have developed over the years through membership of SCC has been instrumental in my time in Singapore being not just enjoyable, but outstanding. I enjoy family time at the club regularly with my wife Lay Lee and son Wesley, and am proud to see my 20 year old son now playing his part as an active member of the Club, participating in several sporting sections.

I have seen many phases of the Club's development, watched as the Club has navigated many challenging periods over the years and am grateful that the Club has maintained its culture of inclusivity and courtesy to all members throughout.

Current and previous management teams should be congratulated for their selfless stewardship of the Club's finances, operational management, its people and culture, always with the best interest of the members as paramount in their responsibilities.

If elected to the General Committee of the Club, I would contribute in any way asked, with a selfless dedication to the welfare of the club and an a-political, level-headed, conciliatory approach at all times. I have no desire for status or recognition in any way for contributions made, or time invested, in the fulfilment of this volunteer role.

We are a premier sports and social members club, with a unique position geographically and socially in the fabric of Singapore's landscape. I am sure there will always be areas of improvement, which should be pursued with rigor. We also need to attract more active participants in the Club, and we need to attract the talent to ensure the long-term stewardship & management of the institution and it's character, is always secure.

Maximising the potential of the Club's assets, while maintaining its historical culture for the benefit of all members is imperative. The club after all, is nothing without the members.

If called upon, I will contribute thoughtfully, logically and ethically at all times as a team member, to assure we achieve our collective objectives.

Sincerely

**Paul Lawlass (Membership No. L0720)**  
**Candidate for General Committee Member**

**Dear Fellow Members,**

My name is Paul Lawlass. I have worked previously with a US based chemical company as Regional Global Director for Asia Pacific for close to 18 years. However, in order to focus on a food hospitality business in Singapore to which I am part owner, I decided to leave the corporate life to run the food hospitality business full time. I have resided in Singapore for close to 37 years and I am married with two children. I have been an active member of the Club since 1996, during which time, I have been proud to have been involved in numerous Sporting Sections of which three are currently Soccer, Darts and Snooker.

Since joining the Club, I have served on the following Subcommittees, including Property, Food & Beverage, Finance, Social and Marcom. Upon being elected to the General Committee in 2010, I have had the privilege to sit on both the Social, Food and Beverage and Human Resource as Chairman. Currently, I am holding the Chair of Food and Beverage.

Over past years, I believe, we have seen notable improvements throughout the Club; - Improvement is an on-going journey and requires continuous dedication, effective communication and creative enthusiasm by everyone involved. Some specific and major points of focus for the Club are obvious and need to be continually managed with proficiency, such as general operating costs, productivity, low performing outlets, general maintenance, staff welfare and of course food and beverage, etc. to name but a few.

With my past experience in managing hospitality properties and my current plus past involvement in the international food and beverage industry, I believe, I have some valuable experience to share pertaining to both.

Therefore, if elected, I would like to assure you all that my passion and spirit for all aspects of the Club will endure and I will work hard on your behalf to ensure that the social and sporting elements, that we all, as conscientious members, take pride in, are not only maintained, but enhanced to that befitting the region's premier first class sporting and social club.

My very best regards and I look forward to serving you for a further term, should I be elected.

### **Introduction**

I am committed to take a pro-active role in the general business of the General Committee.

### **Dempsey**

Now that Dempsey is operational, the Club needs to maximise the contribution the asset makes to both sports and our finances.

Working with Management, I plan to develop a proposal for a management structure and operational plan for both the short and longer term to achieve the objectives laid out above.

### **Conversion Rate Of Term & JS Members**

I would promote a serious discussion within the GC on how the club can improve the conversion rate of these members to Full Transferable status.

### **Summary Personal CV**

I was born in Singapore. Since 1967 I have successfully run an existing as well as establishing several new international businesses.

These businesses operate internationally with a focus on Asia, Australasia & Europe and cover a number of industrial sectors.

### **SCC**

My family connections with the Club stretch back to the 1940's and indeed one of my early memories was in 1955. I became a member in my own right in 1967.

### **General Committee**

I was Elected to the General Committee in 2001 during which time I served on the Social subcommittee.

**Other Positions Held:** Former Captain and Convenor of Billiards and Snooker and current Treasurer of the Wine Circle

**Sports Sections:** Balut, Lawn Bowls, Billiards & Snooker and Darts

The British Club, which has over 2,500 members. I was elected to the General Committee in 1987 and elected President in 1991. When I joined the committee the club was experiencing significant financial difficulties resulting in an overall operating loss. Working with the committee and the dedicated management team we recruited, we were able to develop and implement significant improvement programs that both materially increased the membership and the usage of the club. As a result, the Club had an operational surplus on completion of my term as President.

### **In Conclusion**

The Singapore Cricket Club is my second home and I want to contribute in improving on the existing success the club enjoys in both its social and sporting club endeavours.

I therefore seek your support in the forthcoming Election.

## **Alan Wee: Candidate for General Committee Member**

Fellow Members,

I am honoured to stand for election to serve on the General Committee of the Singapore Cricket Club.

As a long-time member of the sporting and business community in Singapore, I have a deep appreciation for what the Club represents—tradition, camaraderie, and excellence. I have had the privilege of captaining the Singapore rugby team, playing club rugby, and representing the Club in soccer. In addition, I have coached at St Andrew's School for over two decades, which has reinforced my belief in developing people, building character, and giving back to the sporting community.

Professionally, I have spent decades advising individuals and families, shaping an approach to decision-making that is thoughtful, balanced, and always centred on people.

If elected, my focus will be on three primary key areas:

1. **Strengthening Member Experience:** Ensuring that every member, across all age groups, continues to find value, enjoyment, and pride in being part of the Club.
2. **Supporting Sporting Excellence & Participation:** Encouraging greater participation while maintaining high standards in both competitive and social sports, while also nurturing the next generation.
3. **Responsible Stewardship:** Contributing to prudent decision-making that safeguards the Club's long-term sustainability while respecting its heritage.

I believe in listening, engaging, and working collaboratively with fellow committee members and the wider membership.

I offer my time, experience, and commitment to serve the Club with integrity and dedication.

Thank you for your support.

**Alan Wee**

Dear Fellow Members

I am pleased to put myself forward for re-election to the General Committee of the Singapore Cricket Club.

Over the past 12 months, I have served as Chair of the Member Engagement Sub-Committee and as a member of the Rules & Membership Sub-Committee. These roles have given me a deeper understanding of the Club's operations and priorities, and reinforced my commitment to contributing meaningfully to its continued success.

As a long-standing member, former Convenor of the Rugby Section, and active participant in the Club's sporting and social life, I bring both passion and practical insight. My connection to the SCC is rooted in sport - I continue to play rugby regularly and remain a strong supporter of all sections. I understand the importance of fostering community, camaraderie, and healthy competition, and I am committed to preserving and strengthening these traditions.

My experience as Rugby Convenor provided valuable exposure to the balance required between the Club's sporting, social, and strategic objectives. I appreciate the need for thoughtful decision-making that serves the broad and diverse interests of the membership.

Professionally, I am a lawyer with over 15 years' experience, including in leadership roles. This background equips me to think critically, manage risk, and contribute effectively to governance and decision-making. I am collaborative in approach, but prepared to ask difficult questions and take decisions where required.

I am also an enthusiastic supporter of the Club's social offerings, particularly its wine culture, and would be keen to see this continue to develop alongside our sporting strengths. To me, the SCC is not only a sporting institution but a vibrant community - one that brings members together across shared interests, whether on the field or socially.

Finally, as a father of two young daughters, I look forward to introducing the next generation to the Club, including through the SCC Rugby Academy in due course. Ensuring the Club remains welcoming, relevant, and sustainable for future members is something I care deeply about.

I would be grateful for your support and the opportunity to continue serving. I believe I can contribute energy, sound judgment, and a genuine commitment to the Club's future.

Yours sincerely

**Henry Winter**
